All export information is provided "as-is". Red Hat makes no warranty or representation that the information contained on this site is accurate, current, or complete. It is your obligation as the exporter to comply with the current applicable requirements of U.S. export laws and regulations. Any use of such information by you is without recourse to Red Hat and is at your own risk. Red Hat is in no way responsible for any damages, whether direct, consequential, incidental, or otherwise, suffered by you as a result of using or relying upon such information for any purpose.
